

# Volunteer Opportunities

OLLI at UCLA provides opportunities for members to socialize throughout the year. See a full list of quarterly events below. Events are added to this page as they are planned, so please check back regularly for an updated listing.

Members only. Beginning May 2019. Details TBD

# Volunteer Opportunities

To learn more about volunteering on an advisory committee, email [osher@uclaextension.edu](mailto:osher@uclaextension.edu)

## **OLLI Advisory Board**

Without participation and input from our members of the Osher Lifelong Learning Institute at UCLA, we could not continuously improve and provide our community of learners a challenging and robust program. We depend in large part on the contributions of members to help guide programming, fundraising, and marketing ideas. Advisory committee members

meet twice a year, and assist with strategic planning in areas of fundraising, attracting new and retaining existing members, program development, and marketing.

## **Membership Committee**

The Membership Committee helps recruit, orient and integrate new members into the OLLI at UCLA family. The committee helps OLLI staff with strategizing membership drives, improving member experiences and strengthening relationships between members.

## **Curriculum Committee**

The Curriculum Committee is charged with developing a well-balanced offering of courses quarterly. The committee assists staff with reviewing course proposals, identifying new instructors for the program, and evaluating the strength of each quarter's offerings.

## **Events Committee**

The Events Committee identifies meaningful events for OLLI members including cultural events (music venues, museums, etc.), culinary events (talks with local chefs, visits to farmers markets, etc.), quarterly luncheons, guest speakers, and holiday parties. Events are reviewed and programmed by OLLI staff.
